Madera Unified School District
Mr. Joe Halford, Director of Information Technology
1902 Howard Rd.
Madera CA 93637

Subject: Madera Unified District Office Server Room Remodel
HVAC and Associated Plumbing, Electrical, and Structural Design Services

Dear Mr. Halford,

Thank you for the opportunity to propose HVAC retrofit with associated Plumbing, Electrical, and Structural Design Services for the above noted project. The project consists of a server room retrofit to accommodate new servers, racks, UPS, upgraded HVAC system, electrical revisions, and generator backup as discussed during our 2 site visits.

We propose to provide normal HVAC, Plumbing, Electrical, and Structural engineering required including design, CAD produced design plans (2D), specifications prepared for plan check and bidding, progress budgets, plan check response, and construction administration, including site visits. For this work, we ask for a fee of \$84,500.

Add Option #1: Design and construction oversight of a chemical fire suppression system. For this work, we ask for an additional fee of \$20,000.

Thank you for asking us to prepare this proposal. If you have any questions or need additional information, please feel free to contact me.

Sincerely,

LAWRENCE ENGINEERING GROUP
